

# STATE OF THE LAKES

## PHOSPHORUS CONCENTRATIONS

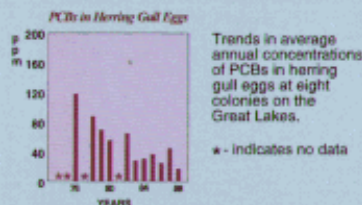

Main map represents total phosphorus concentrations for 1991/1992

Insert map represents total phosphorus concentrations for 1980/1983

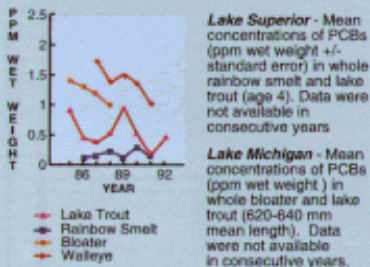

This map of phosphorus concentrations is a generalization produced by computer analysis. It is intended to illustrate the change in general conditions between two time periods and should not be assumed to be accurate for specific sites.

## PCBs IN GULL EGGS

## PCBs IN FISH

**Lake Huron** - Mean concentrations of PCBs in whole rainbow smelt and lake trout (age 4). Data were not available in consecutive years.

**Lake Erie** - Mean concentrations of PCBs (ppm wet weight +/- standard error) in whole rainbow smelt and walleye.

**Lake Ontario** - Mean concentrations of PCBs (ppm wet weight +/- standard error) in whole rainbow smelt and lake trout (age 4).

## AREAS OF CONCERN

The diamond symbol marks areas of concern. There are 43 Areas of Concern in the Great Lakes basin.
